

What a joy it is to experience all the traditions of the Ohio State Fair this summer! Whether you're saying "hello" to Smokey Bear in Natural Resources Park, looking at the famous butter cow, seeing a livestock show, or catching a performance by the All-Ohio State Fair Band & Youth Choir, the Ohio State Fair is where you can make memories that last a lifetime. I know our family has, and we can't wait to make even more memories this year.

At the Ohio Department of Natural Resources Park, fairgoers can enjoy the great outdoors without leaving the heart of Columbus. Kayaking, fishing, observing butterflies, visiting Smokey Bear, enjoying a picnic, and reading around a campfire are just a few of the many free activities in Natural Resources Park.

While we've shared some of our favorite Fair traditions, you can also use the Governor's Children's Passport as a tool to navigate the

Of course, the Fair has plenty of entertainment – barbershop quartets, local musicians, jugglers, and hypnotists – but the real roots of our Fair are in agriculture. I know how hard our Future Farmers of America and 4-H youth work on their projects all year long in the barn and beyond. During your visit, don't be surprised if you witness the birth of a calf!

Fair while engaging kids with fun activities along the way! Children who complete their passport by visiting various locations during their day at the Fair will have a chance at one of many prizes! Visit the Guest Information Services Booths or one of the Children's Initiatives partner agency booths for a copy of the passport during your visit.

After visiting the animals, families can head over to the brand-new, hands-on educational exhibit for children called Little Farmers. The exhibit gives children a glimpse into the world of agriculture as they follow the lifespan of crops from seed to sale. Kids can also touch lamb's wool, learn about cattle, and more. As you depart the Little Farmers exhibit, the whole family will enjoy walking through the Ohio Department of Agriculture's Ohio Proud Market featuring products produced right here in our great state.

Before you go, be sure to stop by the Taste of Ohio Café, where Ohio farmers have delicious food to offer, and don't forget to visit the butter cow sculpture in the Dairy Products Building!

We hope you will join us at this year's Fair, July 27 - Aug. 7, to experience traditions and enjoy the vibrant people, rich history, successful businesses, and must-have products that make up our great state.

Mike and Fran DeWine *Governor & First Lady*

Children often dream of their career paths as adults — a veterinarian, an astronaut, a construction worker. Growing up on the Fairfield County fairgrounds and accompanying my family to the Ohio State Fair, I knew the fair industry would one day be my home. However, I never could have imagined the great honor of being the Ohio State Fair general manager.

I am proud to say the Ohio State Fair is an event that serves all Ohioans and visitors. Our staff has worked diligently to make this Fair one of the best yet by beautifying the grounds, preserving the great history of each of our buildings, developing new and exciting exhibits, and staying true to our traditions.

The growth of the Ohio State Fair over the years has allowed us the opportunity to facilitate remarkable concerts, expand the accessibility of the Fair, offer more roving entertainment, facilitate grand livestock shows, partner with Ohio companies and agencies, and give back to our community through our youth scholarship

program, and ticket donation program.

As we open the gates to the 167th Ohio State Fair, I hope each visitor feels the excitement that I have felt year after year each time I walk into the Fair. As we celebrate all that our great state has to offer, you'll experience a wide-variety of entertainment, the opportunity to learn about livestock and agriculture, delicious food, great live music, sporting events, a free petting zoo,

hands-on activities, fantastic displays of art, cooking demonstrations, a brand-new accessible playground in the 8-acre Natural Resources Park, and so much more! This celebration of Ohio is unlike any other. We know your visit to the Ohio State Fair will leave you with memories that last a lifetime.

I can't wait to see you at the 2022 Ohio State Fair, July 27 - Aug. 7!

Virgil L. Strickler, *CFE General Manager*,

Support for Individuals who are Blind or Have Low Vision

Individuals who are blind or have low vision can use the Aira app for assistance navigating the Ohio State Fair for free! Whether you regularly wear and use Aira Horizon Smart Glasses or are a person with access to a smartphone with a camera, you can access the Aira app to connect with a real-time agent to describe your surroundings for free! Aira is a live, on-demand visual interpretation and productivity tool connecting users to actual humans who describe your visual surroundings using your smartphone camera. This service is available thanks to a partnership with Opportunities for Ohioans with Disabilities and the National Federation of the Blind of Ohio.

Quiet Room

The air-conditioned Quiet Room is located in the Taste of Ohio Café. With a small adjacent restroom, sensory items, and comfortable seating, it provides a space for quick sensory relief.

Sensory-Friendly Area

During peak hours, the Ohio State Fair can be noisy and can overwhelm the senses. One particular area, the 8-acre Natural Resources Park, is naturally soothing. With plenty of trees, benches, and even a waterfall, this serene area allows for some sensory refuge.

Service Animals

Pets are not permitted on the grounds during the Fair with the exception of service dogs or animals approved as part of an exhibition or competition (such as livestock and 4-H events). Service animals are those that have been individually trained to do work or perform tasks for a person with a disability. Service animal relief areas with waste receptacles will be available on the Rhodes Center Lawn, in Central Park, and in Natural Resources Park.

FAMILY OWNED AND OPERATED

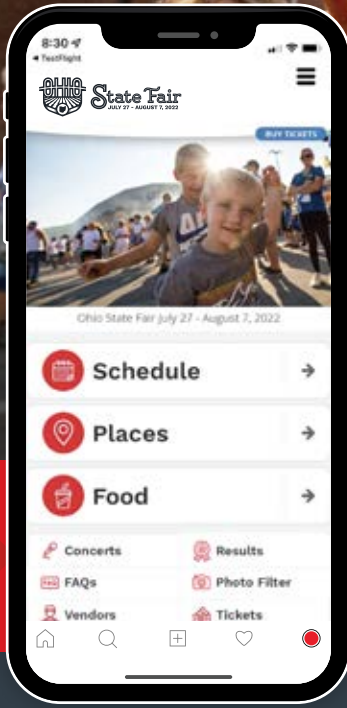

Farming in Ohio is and always has been a family business. 95% of farms in the United States are family owned. A large number of acres or animals doesn't mean that a farm is not solely owned and operated by members of a family.

In many cases, the same family has lived and worked on the same land for generations. While many farms use the standard accounting practice of incorporating, this does not change the fact that the decisions are being made by a family with the same goals and values as the rest of America.
